AMERICANS FOR A SAFE ISRAEL

TRAVEL INSURANCE & REFUND POLICY

TRAVEL INSURANCE

Trip Insurance is more important now than ever before. Americans For A Safe Israel cannot accept responsibility for any losses or expenses that you or any member of your party may incur as a result of failure to secure adequate insurance coverage.

While there are many insurance agents to choose from, here is one that AFSI frequently uses and has had positive experiences with.

Travel Protectors

Insurance plans will vary by plan design and by state or country. Be sure to discuss with your insurance agent all options for insurance riders that are available to you.

It is strongly recommended that you purchase travel insurance so that you are covered in the event that you need to cancel your reservations (i.e., plane, bus, other covered costs). ****Please note that travel insurance may not cover the fee you paid to AFSI to secure your trip reservation.**** Be sure to review this with your travel agent.

REFUND POLICY - TRIP PAYMENT FEE

Because there is no insurance plan that AFSI itself can take out to cover our losses for land costs (i.e., reservations for hotels, buses, food), we are unable to refund you the fee that you paid AFSI. Of course, we do our best to minimize the amount we expend prior to the start of the trip.

In general, payments are non-refundable unless the trip is canceled due to lack of participants or an unforeseen circumstance beyond AFSI's control.
